### SAN JUAN, PUERTO RICO

One of the largest islands in the Eastern Caribbean, Puerto Rico's landscape encompasses mountains, underground caves, coral reefs, white-sand beaches and an incredibly massive rain forest that supplies fresh water to most of the island. At the same time San Juan, the capital of the commonwealth, is a big city with a bustling business district, glitzy resorts and casinos, as well as one of the most stunning examples of colonial life in the Western world.

When you're in San Juan, don't miss the opportunity to witness the pinnacle of natural beauty by exploring Puerto Rico's El Yunque Rain Forest. It features more than 240 species of trees, hundreds of miniature orchids, and what was once believed to be the Fountain of Youth. Other on shore activities include: Biking trips, nature walks, tapas tasting.

### CHARLOTTE AMALIE, ST. THOMAS

St. Thomas is known as an idyllic vacation spot today, but its history is not so peaceful. In the 18th century, the island was at the center of a bustling pirate culture, as swashbuckling pirates such as Blackbeard and Drake traded stolen wares in the port of Charlotte Amalie. This world-renowned Caribbean island is home to amazing beaches, gorgeous sea and landscapes and unbelievable duty-free shopping.

While the beaches and ocean are beautiful, there is one thing that really sets St. Thomas apart - shopping. Browse through the shop-lined streets of Charlotte Amalie and find out why St. Thomas is called the "duty-free shopping capital of the world." Shop for duty-free trinkets and bargains on everything from liquor to imported china and crystal. Visitors can bring home \$1,200 in merchandise without paying duty - twice the limit of most of the Caribbean.

### SAMANA, DOMINICAN REPUBLIC

The verdant peninsula of Samana is paradise found for nature enthusiasts. Somewhat remote and removed from the tourist trail, this patch of paradise is home to one of the most important rain forests and mangrove reserves in the Caribbean. And its crystal-clear coast features some of the best diving on the northern side of the Dominican Republic. So pop on your flippers. In some spots you can see up to 150 feet!

Some consider Samana Bay to be the best place in the world to watch whales. Every January thousands of Humpbacks migrate south to Samana Bay and during mating season you can find up to 300 at any given time. Come catch a glimpse of these magnificent mammals as they frolic, sing, and show off.
